

"For Their Honor"

(Honor Guards)

**You'll see them standing proudly
in the summer's heat or cold.
Their heads bowed in silent prayer
For the young Soldier, and the old.**

**They will take the time away
Precious hours of their lives
To fold our Flag carefully
To present to loved one, kids and wives.**

**Some people think they are paid
But no, it's at their expense, too
So, when you see an Honor Guard
Just tell them, "Thanks, for all you do."**
